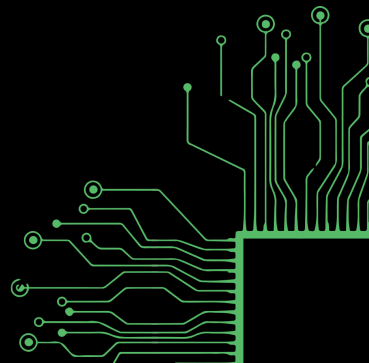
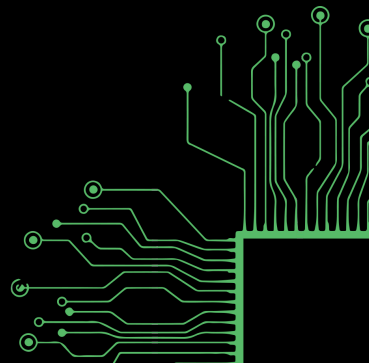
Prompt:

Online classes has been the most prominent way of learning this year. Worldwide increasing frequency of online classes has encouraged developers to create new applications to enhance smooth and convenient way of conduction of classes and assignments. You are the web developer of your company who has launched its new application to make it easier for teachers to take online classes, tests, assignments etc.
Make a website for branding of the application highlighting all its key points and features.



Rules and Regulations:

- Participants need to create an impressive website on the given prompt.
- The website must contain at least 4 webpages.
- It is mandatory to create an “About Us” and“Features” page.
- The website should be based on the theme following proper colour scheme and typography.
- Self-made graphics will be appreciated.
- Use of templates is strictly prohibited.
- No extra points will be awarded for any backend work.
- The website along with all the data is to be zipped with filename format “webd_schoolname” and has to be mailed on webd.dynamix@gmail.com by 26th October 2020.

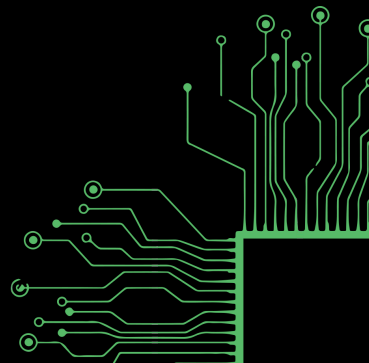


DesignX

No. of teams per school : 1
No. of participants per team : 1-3
Eligibility : Open

Prompt:

While scrolling through your Instagram feed, you came across the story of ‘Baba Ka Dhaba’ - a local street side vendor who gained popularity overnight due to a viral video on social media and witnessed a life changing event with his dhaba sales soaring sky high. You being the owner of ‘Hi Chai’ , a chai cafe , dream of a similar miracle and want to use the power of social media to get instant fame and magnanimous sales.



Deliverables:

Promotional Poster :

- Design a poster to promote your Café
- Use at least one catch phrase highlighting the mood of your Café

Promotional Video :

- Make a Short video advertising the exotic flavors of chai which are unique to your Café

Branding:

- Create design guidelines highlighting various design elements

Participants are requested to send us a drive link containing the .jpeg and the .mp4 file along with the project files at designx.dynamix@gmail.com by 26th October 2020
